

Welcome to our mid-winter newsletter, full of events, our favorite bee facts and a cocktail.

January was a busy month for us. We entered the new year with lots of events.

We sponsored the **Black Tie Black Jack** gala in New York to benefit the [Leukemia & Lymphoma Society](#).

And we participated in the [Cuesa Winter Cocktails at the Farmers Market](#) event in San Francisco. CUESA's mission is to bring the joy and power of food to local communities.

Spring44 Honey Vodka is distilled from local Colorado honey. Honey Vodka makes a great hot toddy, spiked Arnold Palmer and loves all things citrus.

Our honey comes from [Beeyond the Hive](#), a family-operated company whose tradition of beekeeping started in 1908. To learn more about the source of our honey, fun honey facts, and tips for keeping bees happy, [click here!](#)

Moscow mules are traditionally made with Vodka. We're partial to the Honey mules, made with Spring44 Honey Vodka, spicy ginger beer and fresh lime.

And of course, they taste better in a Spring44 Copper Mug. You can find them in our store.

Peach Bellini

Enjoy our riff on a Venetian classic.

- 1 oz. Spring44 Honey Vodka
- 1/2 oz. Peach Nectar
- Prosecco
- Orange Rind

Add Honey Vodka and peach nectar to a flute glass. Top with Prosecco. Garnish with orange rind twist.

Until next time, your friends at Spring44
